My catters, artists of skill and experience we'l not only give style and elegance in fit but dso please you in your ideas of dress. In the arrangement of my Custom Depart-ment, it has been my object to have not only he largest but also the most basty, fashionable the largest but also the most mary, fashionable and best assortment of goods for men's wear in the city, in which I flatter myself I have succeeded.

The spirit of the times demands a reduction in the price of ension made work of superior workmanship, which I propose to do and which act you will be convinced on person at inspection of my assortment.

WIE superior merits of the "Singer" Ma-Chinesover all others, for either Family se or Manufacturing Purposes, are so wel taddished and so generally admitted, that ar numeration of their relative excellancies is no nger considered necessary

OUR NEW FAMILY

N. E.—The stock of ready made Clorling largest and most varied in the city, con amed on the lower floor, was manufactured moter in vown supervision in Louisville, the naterial for same purchased direct from the nanufacturers and importers, which enables in to warrant cheapness of price, quality of cools and strength of sewing.

The Gents Furnishing Go.ds department accents the novelices of the seeson, too numerous to mention and which must be seen to cappeciated. Sewing Machine,

Which has been over two years in preparation and which has been brought to perfection re-gardless of Time, Labor or Expense, and is now confidently presented to the public as in-comparably the Best-Sewing Machine in exis-Floyd Street Planing Mill WAREROOM, No. 12 WEST MAIN

The Machine in question is simple, con The Machine in question is simple, compact, durable and beautiful. It is quiet, light running, and capable of performing a range and variety of work never before attempted upon a single Machine,—using either Silk, Twist, Limen or Cotton Thread, and sewing with equalifacility the very finest and coarsest materials, and anything between the two extremes, in the most beautiful and substantial manner. Its attachments for Heinming, Braiding, Cording, Tucking, Quilting, Felling, Trimming, Binding, etc., are novel and practical, and have been invented and adjusted especially for this Machine.

MachineBut a taint idea, however, can at best be conveyed through the medium of a (necessarily) limited circular, and we therefore urge every person in quest of a Sewing Machine, by all means to examine and test, if they can possibly do so, all the leading rival Machines before making a purchase. A selection can then be made understandingly.
